MDA STATEMENT TO DENTAL ASSISTANT MEMBERS

We wish to remind dental assistants that they can contact the Registrar to report what they consider to be unsafe work conditions that they may be experiencing in dental practices.

If a dental assistant is of the view that a dentist or a dental assistant is practicing inconsistently with current IPC guidelines, they are encouraged to reach the Registrar directly at 204-988-5300. Please be advised that all inquiries and reports will remain confidential.

Dr. Arun Misra
Interim Registrar
Manitoba Dental Association
