"To: Registered Dental Assistant Members

Due to the current Covid-19 pandemic which has created both logistical and economic pressures on our members, the Manitoba Dental Association, in consultation with the MDA Board has extended the deadline for dental assistant license payment deadline to September 30, 2020.

In addition, in consultation with the Chair of the Continuing Competency Committee, postponement of all CE requirements for dental assistant members who have a continuing education anniversary date of May 1, 2020 will be extended for 6 months ending on October 1, 2020.

The MDA will also grant the extension of the resuscitation program requirement for licensure renewal for all members for a period of 6 months ending September 30, 2020

Due to the fluid nature of the Covid-19 pandemic, these extensions may change
