

Pediatrics Grand Rounds

# Early Childhood Caries

and the role of primary care providers in its prevention and management

*Presenter:*

**Robert Schroth, DMD, MSc, PhD**

Professor, Department of Preventive Dental Science,  
Department of Pediatrics and Child Health and  
Department of Community Health Sciences  
Rady Faculty of Health Sciences, University of Manitoba

**Thursday, April 29, 2021  
8:00 - 9:00 am.**

**Objectives:**

- Understand early childhood caries, its prevalence in Canadian children, and risk factors.
- Recognize how early childhood caries affects the health and well-being of children.
- Learn about recommended and new methods to prevent and manage early childhood caries.
- Discuss the role of primary care providers in performing caries risk assessment, advocacy, and prevention and management.
