**Reminder of CPR Requirements for Registered Dental Assistants  
February 7th, 2022**

Due to issues related to COVID-19 at the beginning of 2021, Registered Dental Assistants were allowed to renew their CPR certificate using on-line programs.

Note that the online option for renewal was only valid until December 31<sup>st</sup>, 2021;  
on-line renewals will not be accepted in 2022.

The *Bylaw for Registration and Certification of Dental Assistants* states that Registered Dental Assistants must maintain a current resuscitation certificate in order to renew their MDA license.

A copy of your completion certificate can be submitted by email to [cpr@manitobadentist.ca](mailto:cpr@manitobadentist.ca)

*Sent on behalf of the Registrar, Dr. Arun Misra*
